

Clinical Trial Supply Manager - Join Sanos Supply And Make an Impact

Deadline:
30-06-2025

Contact person:
Jonas Dyndegaard

Position type:
Full time

Do you want to be part of a team that's transforming clinical research? Are you ready to take on a role where your contributions truly matter? At Sanos Supply, we excel in the packaging, labeling, and distribution of Investigational Medicinal Products. We're on the lookout for a motivated Clinical Trial Supply Manager eager to learn and grow. If this is the opportunity you've been waiting for to advance your career in clinical development?

Who are we?

Sanos Supply is a dedicated team providing top-tier contract manufacturing and logistics services, with a mission to innovate clinical trials. Our GMP-qualified facility, approved by the Danish Medicines Agency, efficiently produces and distributes IMP across the EU, US, and APAC. We are committed to project success, acting as integral members of the clinical trial team with a 'right-first-time' approach.

Your role and key responsibilities

- **Plan and Coordinate:** Oversee the packaging, labeling, and distribution of clinical trial materials to ensure timely and efficient delivery.
- **Project Management:** Keep projects on track by managing timelines and resources effectively.
- **Client and Partner Liaison:** Serve as the primary point of contact for our clients and partners, ensuring clear communication and strong relationships.
- **Hands-On Involvement:** Participate in hands-on activities within our GMP facility, including packaging and documentation tasks.
- **Process Improvement:** Collaborate with your teammates to enhance our process workflows, driving continuous improvement.

Desired skills and personal profile

We are looking for a candidate with some experience in logistics, life sciences, or project coordination. While clinical experience is a bonus, it is not essential. A degree in a relevant field such as pharmacy, biotech, or supply chain is advantageous but not required. You should enjoy organizing tasks, ensuring they are completed accurately and on time. Clear communication and teamwork are essential, as is a proactive, solution-oriented mindset with a desire to grow your skills.

Why join us?

Expand Your Expertise: Dive into the world of GMP, clinical trials, and pharma logistics, enhancing your knowledge and skills from day one with our dedicated training and learning opportunities.

Collaborative Learning: Work closely with seasoned professionals, including Qualified Persons (QPs) and supply chain experts, to gain invaluable insights in a supportive and friendly environment where teamwork and great team spirit are key.

Dynamic Work Environment: Enjoy an informal and supportive atmosphere that fosters creativity and innovation. We understand the importance of balancing your life, offering flexible hours and the option to work from home. Family comes first, with paid leave for important family events.

Health and Wellbeing Focus: We care about your health and wellbeing, providing policies that support brain breaks, ergonomic workspaces, and open communication to ensure a healthy work-life balance.

Are We a Perfect Cultural Fit?

At Sanos Group, our promise to every employee is 'Trust in you - in your development and impact.' This commitment is consistent across all entities, including Sanos Supply. If you resonate with our principles, you might thrive in our culture:

Take on: Responsibility is given, and we inspire you to embrace it.

Try out: Explore diverse tasks and grow professionally.

Team up: We don't just work together; we thrive together.

Apply and make a real impact

This is a full-time position of 37 hours excluding lunch. Your workplace will be in Hørsholm, Lyngsø Allé, 3.

In this position, you can expect occasional travel.

We look forward to hearing from you, so please send your application through the “apply” link. We will be performing interviews ongoing in the process and look to fill the position as soon as possible. We close the position when we find the right candidate.

For further information about the role contact, Chief Operations Officer, Jonas Dyndegaard, at jd@sanosupply.com.

If you proceed in the recruitment process, you will go through a few additional steps where both you and we will assess whether this position is the right match for both parties. As part of the recruitment process, we may use assessments to ensure the optimal match and the best foundation for future collaboration.

Sanos Supply is dedicated to fostering a diverse and inclusive workplace. We believe that a variety of perspectives leads to better decision-making and innovation. We welcome applicants from all backgrounds and are committed to creating an environment where everyone can thrive.

We value your data and take care to protect it. Please see more information regarding privacy for job applicants [here](#).

To advertisers, search and recruitment agencies:

Sanos Group and its entities kindly requests that unsolicited inquiries regarding job advertisements and candidates from headhunters and recruitment agencies be refrained from. We also do not wish to receive unsolicited inquiries regarding the sale of services and products related to job postings. We ask that this request be respected, and that hiring managers and other employees will not be contacted in this regard.
