

Technician – Join Sanos Supply and Make a Difference

Deadline:
30-06-2025

Contact person:
Jonas Dyndegaard

Position type:
Full time

Are you looking for a role where your skills make a real impact? At Sanos Supply, we're not just part of the clinical trials process — we're the team that ensures medicines get to the people who need them, on time and right the first time. We're looking for a Technician who's ready to roll up their sleeves, keep things running smoothly, and be an essential part of our friendly, high-performing team. Whether you're from a clinical, manufacturing, or logistics background, if you've got a hands-on approach and a knack for coordination, you'll fit right in.

Who are we?

Sanos Supply is a dedicated team providing top-tier contract manufacturing and logistics services, with a mission to innovate clinical trials. Our GMP-qualified facility, approved by the Danish Medicines Agency, efficiently produces and distributes IMP across the EU, US, and APAC. We are committed to project success, acting as integral members of the clinical trial team with a 'right-first-time' approach.

Your role and key responsibilities

- **Precision in Action:** Oversee the packaging, labeling, and distribution of clinical trial materials, ensuring everything moves seamlessly.
- **Schedule Coordination:** Manage schedules and workflows for part-time technicians, keeping operations on track.
- **Organizational Excellence:** Maintain organization across projects by managing schedules, resources, and documents to ensure smooth operations.
- **Collaborative Efforts:** Work closely with internal teams and partners to deliver top-quality service.
- **Innovative Contributions:** Bring fresh ideas to the table; we highly value suggestions for improving processes and tools.

You will become part of a team of 10 colleagues where you will experience a close collaboration in which we all contribute and rely on each other.

Desired skills and personal profile

We are seeking a candidate with hands-on experience in clinical supplies, manufacturing, logistics, or similar fields. A degree is not required if you have the expertise. The ideal candidate is a natural problem-solver and communicator who can identify needs and take action. A team player attitude is essential, along with the ability to guide and motivate others. Key personal traits include attention to detail, adaptability, a proactive approach, strong communication and organizational skills, resilience under pressure, and a commitment to quality to ensure the success of clinical trials.

Why Join Us?

From day one, we offer training and learning opportunities to support your growth, emphasizing that your development matters. You'll join a supportive and friendly environment where teamwork is key, fostering a great team spirit. We understand the importance of balancing your life, so we offer flexible hours and the option to work from home. Family comes first, and we provide paid leave for important family events. Additionally, we care about your health and wellbeing, with policies that support brain breaks, ergonomic workspaces, and open communication.

Are We a Perfect Cultural Fit?

At Sanos Group, our promise to every employee is 'Trust in you - in your development and impact.' This commitment is consistent across all entities, including Sanos Supply. If you resonate with our principles, you might thrive in our culture:

Take on: Responsibility is given, and we inspire you to embrace it.

Try out: Explore diverse tasks and grow professionally.

Team up: We don't just work together; we thrive together.

Apply and make a real impact?

This is a full-time position of 37 hours excluding lunch. Your workplace will be in Hørsholm, Lyngsø Allé, 3.

We look forward to hearing from you, so please send your application through the "apply" link. We will be performing interviews ongoing in the process and look to fill the position as soon as possible. We close the position when we find the right candidate.

For further information about the role contact, Chief Operations Officer, Jonas Dyndegaard, at

jd@sanosupply.com.

If you proceed in the recruitment process, you will go through a few additional steps where both you and we will assess whether this position is the right match for both parties. As part of the recruitment process, we may use assessments to ensure the optimal match and the best foundation for future collaboration.

Sanos Supply is dedicated to fostering a diverse and inclusive workplace. We believe that a variety of perspectives leads to better decision-making and innovation. We welcome applicants from all backgrounds and are committed to creating an environment where everyone can thrive.

We value your data and take care to protect it. Please see more information regarding privacy for job applicants [here](#).

To advertisers, search and recruitment agencies:

Sanos Group and its entities kindly requests that unsolicited inquiries regarding job advertisements and candidates from headhunters and recruitment agencies be refrained from. We also do not wish to receive unsolicited inquiries regarding the sale of services and products related to job postings. We ask that this request be respected, and that hiring managers and other employees will not be contacted in this regard.
